

### Recycling

What does Moore County do with its equipment when it is finished using it?

Moore County's policy is to sell all surplus equipment on the Govdeals web site. This includes computers, laptops, monitors, mice, keyboards, desks, furniture, cars, and trucks.

Most of the computer equipment is in working condition and all data has been erased.

To see what is currently for sale, go to [GovDeals](https://www.govdeals.com) .
